

Talmid Ministries

Weyts family – Romania Newsflash September 2008

Visit Belgium

From the 25th September till the 5th October Dirk will be in Belgium. He will give lectures on several subjects. Mission and the work of Talmid Ministries (Talmid vzw) in Romania off course will be part of the programme. In addition there is space and time for subjects such as 'Israel and the Church', 'The Biblical Celebrations', 'The Book of Revelations today', 'Balance between Word and Spirit', 'How Hebrew is the Bible', etc. If you wish to book an evening in your church, cell group, bible study or community, than please let us know through e-mail dirk@talmid.net or by phone +40 254 245 840 (fam. Weyts in Romania) or +32 3 353 96 90 (secretarial office Talmid vzw, Westmalle, Belgium).

Recent Developments

For the project 'Capsia Bogdan', the three year old boy who suffers the Little Syndrome, we have received many positive reactions. This month (September) Bogdan will have to return to Bâile Felix for the next treatment (285 euro's) and up till today there is not enough money available. On top of that the pressure from the bank onto the parents is becoming really heavy. The loans they have taken out to pay for the treatment of their son so far are expected to be paid back. Financial help for this family is very urgent! Talmid vzw wants to support these brave parents. Can you please help us? Thank you!

The new school year has arrived

On the 15th of September the new school year over here in Romania will start. We are in the process of making parcels for the students and writing the sponsors to bring them up to date on the situation of their students. The school project no doubt is one of the most fundamental projects of Talmid. Young people are getting their degree and find good jobs. Most of all the support to university-students is bearing fruit above expectation.

University is expensive and for this budget we still have a deficit. All help is welcome.

Thanks for your loyal support!

Keep Talmid Ministries on the mission field

Your continuing support to this work is not taken for granted. We value every euro, every dollar, every pound of which you give us the disposal. The support towards widows and orphans saves lives today, the support towards students and pupils guarantees a successful future for the next generation. A budget which needs some extra attention is the one we call 'general expenses'. With that budget we pay kilometres, phone calls, internet-access, stamps, administration etcetera. Unfortunately, without this budget Talmid vzw cannot continue to function. Thank you for remembering this important item.

May God bless you,
Dirk and Nicole Weyts
